

John

Mount Cotton, QLD

Summary

I am a qualified and licensed Electrician with over 15 years of hands-on experience in general electrical work, commercial solar installations, and maintenance across diverse sectors. My expertise spans domestic, commercial, and industrial environments, where I have consistently delivered high-quality service, troubleshooting, and electrical solutions. With a strong focus on safety, efficiency, and customer satisfaction, I am adept at managing complex projects, including switchboard compliance, lighting, fault finding, and control wiring. A strong communicator and team player, I am committed to ongoing professional development and ready to contribute my skills to your next electrical project.

Skills

- **Electrical Expertise:** General service work (domestic, commercial, industrial), fault finding, switchboards, lighting, control wiring, generators, smoke alarms, pumps, commercial kitchen equipment.
- **Tools & Equipment:** Proficient in using hand and power tools, forklifts, and Elevated Work Platforms (EWP).
- **Compliance & Safety:** Extensive knowledge of workplace health and safety guidelines and compliance requirements, including government testing and emergency lighting testing.
- **Project Management:** Experience in managing maintenance schedules, reactive and preventive maintenance tasks, and ensuring ongoing competency of staff.
- **Software & Administration:** Proficient in Microsoft 365 and able to manage administrative tasks such as stock control and KPI tracking.

- **Customer Service & Communication:** Strong customer service skills with a focus on delivering excellent service to clients, residents, and stakeholders.
